

RTA Field Trip Takes Attendees To Natural State

R E G I S T E R

Hosted by Thompson Industries Inc., the Railway Tie Association's (RTA) annual field trip will be held in the beautiful Ozark Mountain region of northern Arkansas, the Natural State, June 2-6, where attendees will have the opportunity to explore many different railroad supply and manufacturing facilities.

This spectacular part of the country, known nationally as the "Grand Canyon of the Ozarks" is especially scenic and boasts one of the most abundant timber resources in the country.

The trip will include a visit to two state-of-the-art treating plants; three large sawmills producing a variety of products from Southern yellow pine to hardwoods; and a trip to one of the nation's largest steel tie plate manufacturing plants.

For those planning to extend their stay, there are numerous attractions, including hot mineral baths and horse racing in Hot Springs; river rafting, canoeing and fishing on the Buffalo River; the Clinton Presidential Library and River Market area in Little Rock; and nearby Memphis, Tenn. §

For more information about the field trip, contact Debbie Corallo, RTA administrator, at (770) 460-5553 or dcorallo@rta.org.
