Midway Tour

Prepare for a lifetime memory aboard the USS Midway Aircraft Carrier. Commissioned in 1945, she served proudly during the Korean and Vietnam conflicts, and in the Persian Gulf until retired in 1992. The namesake ship of her class, she was the first carrier built too large to pass through the Panama Canal. Explore this floating city of the sea and relive 50-years of world history aboard the longest-serving Naval carrier of the 20th century.

This adventure includes a private tour of areas not open to the public on the historic aircraft carrier. Exhibits range from the crew's sleeping quarters to a massive galley, engine room, the ship's jail, officer's country, post office, machine shops, and pilots' ready rooms, as well as primary flight control and the bridge in the island over the flight deck.

She inspired all who served on her and now her "Midway Magic" continues to astound visitors from around the world and chronicle the achievements and sacrifice of those who defended our nation.

Your private tour guide is Scott McGaugh, noted author of *Midway Magic* and *USS Midway - America's Shield*. Scott is a nonfiction writer who believes history is best shared and preserved on a personal level, both as a source of knowledge and inspiration.

Lunch in Old Town San Diego (included in above - alcoholic beverages on own)

A spectacular Mexican restaurant is a welcoming landmark for Old Town San Diego, capturing the "Spirit of Mexico" at its best. The ambience of Casa Guadalajara is reminiscent of gracious haciendas deep in the heart of Mexico. Award winning Mexican cuisine and delicious seafood are specialties.

A Courtyard lush with greenery and brilliant flowers is canopied by a grand California Pepper Tree estimated to be over 200-years old. The beautiful splashing fountains are Mexican Cantera stone and colorful Talavera tiles, Mexico's most important traditional art forms. Hacienda gates and wrought iron fixtures were chosen to reflect San Diego's rich Hispanic heritage.
